

Now for kids & adults!

AQUATICS

Swimming is a great activity to build confidence, self-esteem, and skills that will last a lifetime. We offer both private lessons and private groups for children, as young as 9 months, to adults.

PRIVATE GROUP CLASSES

Private Group Classes (2 to 4 swimmers) are a great option for families in the neighborhood to come together or those looking to learn and improve a wonderful lifetime activity by creating their own swim group. We work with the group to set a date and time that works for everyone and set the number of lessons. Swimmers will be evaluated the 1st lesson to determine the overall skill level of each swimmer and determine the swim program based on the overall group's ability. It is best for swimmers known to be similar in ability and that have the same swim goal.

The Aquatics Department does not pro-rate for missed classes or for late enrollment. If the private group is held for other participants while a participant is absent, the missing participant is still responsible for their portion of the lesson and does not have an opportunity to make-up. If cancelling the private group lesson all together for all participants, 24-hour notice is required for all cancellations via email to ICMembership@LakeshoreSF.com and the instructor.

PRIVATE LESSONS

Lessons can be geared for swimmers who need more individualized attention or have trouble staying on task in group classes. Private lessons allow for instructors to personalize goals & objectives specific to the swimmer. Private lessons do not follow class sessions; however, most maintain a weekly standing time with their instructor. Lessons are held in the pools depending on space availability.

24-hour notice is required for all cancellations via email to ICMembership@LakeshoreSF.com and the instructor.
