

# LITTLE CUBS PARENT-TOT CLASSES

Weekly programming for babies and toddlers offers a warm, engaging, and nurturing environment where your little ones can begin their early learning journey through play, music, movement, and community. This program is a wonderful introduction to classroom routines and social interaction, all while having fun in a safe and supportive space and meeting new friends! These classes are designed as a caregiver-child class. Before or after each class, we encourage you to join in for some complimentary community playdates to get to know other families.
