

JUNIOR TENNIS

LSF's Junior Tennis Program offers the scaffolding for junior players to enjoy the sport of tennis for the first time as well as a path to progress through the ranks of different skill appropriate levels. These opportunities are made available through classes and semi-private or private lessons.

JUNIOR CLASSES
Emphasize group learning where players are given the op-portunity to interact with each other through group based activities such as games, skill building, and competition.

FUTURE STARS
Intro to tennis for 3-5 year olds. Motor skills are developed with the love of the game.

UNDER 6 STARS
This tennis program is designed for kids ages 5-6 year olds and will be using the red tennis balls. Instruction will be focused on improving classic tennis strokes, preparing kids for Under 8-10 Stars program, and will gradually introduce players to rallies.

UNDER 8-10 STARS
Classes will build upon the U5 Future Stars class by introducing elements of basic forehand and backhand ground strokes and volleys. It will also introduce elements of rallying, swing technique, point play, and basic rules of the game. Players are encouraged to develop individual ownership to their improving game. These classes will incorporate drills, activities, and games with each weekly lesson.

UNDER 12 STARS & TEEN TENNIS
Classes are structured to teach basic hitting skills for beginning players. These classes will focus on basic all court skills including forehand and backhand ground strokes and volleys. Players will be introduced to basic elements of rallying, swing technique and body position-ing, point play, and competition.

UNDER 12 STARS & TEEN TENNIS INTERMEDIATES
Classes are structured to progress players to an intermediate level. Skills will become more specialized and technically improved upon while introducing performance and competition level elements. These classes will specialize in teaching elements such as combining different shots to develop fundamental point play, and introducing higher level skilled shots: serving, slicing, lobbing, and approach shots. This class will aim to advance players to move up to the Academy level.
